

### **Task Force Against Discrimination**

The Task Force Against Discrimination consists of members which may include a member of the clergy, a law enforcement officer, an attorney or educator, and concerned citizens appointed yearly by the Board of Selectmen. The goal is to maintain a community where all individuals are welcome regardless of race, religion, sexual orientation or ethnic background. The Task Force meets throughout the year in open sessions to discuss concerns raised by the residents of the Town and to create ongoing programs that will celebrate diversity within the Town.
