

SIGN UP

FOR THE

DUKES COUNTY PUBLIC HEALTH INFORMATION SYSTEM

The Dukes County Public Health Committee is in the process of setting up a Public Health Information System. This system will utilize your email address to contact you to provide public health information with Island-wide impact or implications. By submitting your email address you agree to be contacted in the event that the Island's six Boards of Health conclude that there is public health information (e.g., upcoming immunization clinic, "boil water order" or communicable disease) which needs to be communicated to the population of Martha's Vineyard.

No name, address or telephone number is required. Your information will be kept private and not sold.

Email address: _____

PLEASE NOTE: THIS SYSTEM SHOULD NOT BE CONFUSED WITH THE CODERED (REVERSE 9-1-1) EMERGENCY NOTIFICATION SYSTEM. IN ORDER TO SUBSCRIBE TO CODERED PLEASE GO TO WWW.DUKESCOUNTY.ORG OR YOUR TOWN'S WEBSITE.
