Map 39 Lot 11/SE79-296: Review of the written decision to deny an Order of Conditions on the Notice of Intent, as amended, filed by the Woods Hole Group on behalf of Endofthedirtroad LLC for property owned by Endofthedirtroad LLC located at 234 Middle Point Road. The proposed project includes the installation of approximately 170 feet of sloping low-profile rock revetment along the eastern shoreline of the Tisbury Great Pond, together with the routine maintenance of the revetment, in order to stabilize an eroding coastal bank. The project also includes a proposal to do annual monitoring and beach nourishment. Work will take place on a coastal beach, coastal bank, coastal dune, land subject to coastal storm flowage and in the buffer zone. Construction access will be over the buffer zone, considered a resource area under the West Tisbury Wetlands Protection Bylaw. [An audiotape of this meeting is available for review.]
