

WEST TISBURY HISTORIC DISTRICT COMMISSION

MEETING MINUTES

Date of Meeting: November 29, 2004

Attending: Sean Conley, Nancy Dole, Lan McDowell, Anne Fisher, Mark Hutker

Also Attending: Bruce Keep, Rick Reinhardsen

Absent: Marcia Cini, Mark Mazer

Meeting convened at 5:30 PM.

Approved unanimously the proposed shingles for the sanctuary of the Congregational Church. GAF Timberline fiberglass and asphalt “weathered wood”. We also said we suggested that the Church consider instead using plain black asphalt shingles for a more subtle effect than the proposed shingles. We decided as well that whatever the Church decided to use, they reroof the new section of the Church with matching shingles when the time comes.

We vote to postpone ruling on Nancy Dole’s application for a dormer because the architect had only drawn plans for the dormer addition, and had not included in the drawing the rest of the building, showing location of present windows and doors etc on the first floor. We decided to reconvene on December 13th after making a site visit to Ms. Dole’s building to see if we think the windows are properly placed.

Meeting adjourned.

Respectfully submitted by

Nancy Dole, Secretary
