

WEST TISBURY HISTORIC DISTRICT COMMISSION

MEETING MINUTES

Date of Meeting: March 5, 2007

Attending: Sean Conley, Nancy Dole

Absent: Mark Mazer, Anne Fisher, Marcia Cini, Ben Moore, Lanny McDowell

Also Attending: Pat Jenkinson, Mr and Mrs Richard Andre

Meeting convened at 5:30 PM.

There was not a quorum, so we could not meet, but Nancy reported that the Duys application for a certificate of appropriateness can now be acted on at our next meeting, because we sent a notice of waiver to the Duys abutters on February 21st and none of them has written requesting a public hearing.

The Nachbar hearing had to be continued to March 12th at 5:30, and the Dole hearing had to be continued to March 12th at 5:45pm. . The Pathways Beside the Road Committee will come in at 6:15 to be sure their application is all in order and if it is they will submit it that evening and we will then schedule a hearing asap, as they are eager to begin their work.

The Andres are new owners in the district, neighbors of the Nachbars, and plan to build a home and barn on their property. We explained the process to them, and we told them the house will be exempt from review if it is far enough back, because (the back) part of their property is not in the district. The barn will be in the district, and will be visible and will be subject to review. We welcome them to the Historic District and look forward to their application.

Respectfully submitted by

Nancy Dole, Secretary
