

WEST TISBURY HISTORIC DISTRICT COMMISSION MEETING  
MEETING MINUTES

***Date of Meeting: March 29, 2010***

Attending: Sean Conley, Lan McDowell, Mark Mazer, Nancy Dole

Also Attending: Charles Kernick, Robin Robinson, Hollis Smith

Absent: Ben Moore, Ann Fisher

Meeting convened at 5:30 PM.

Plans for the renovations to the property at 671 Edgartown were submitted. Three different styles of windows were shown by the applicant, and the Harvey Majesty #13 style of narrow muntins was determined to be closest in appearance to the existing windows, which will all be replaced. There was a motion to approve the application as submitted with the condition that the windows will be those described above. The exterior door will be wood 9 light and wood 12 light for the storm door, as submitted, and cedar shingles were approved for the house and also for the garage.

The motion was seconded and unanimously approved.

There was some discussion concerning the large rocks at Town Hall. We have had complaints about them, and it appears that they were not submitted with the original application, and they were not approved. Sean will bring the issue up with the building committee.

Similarly, there may be work in progress at the Block House on Music Street that was not part of the original application, and Sean will discuss this with the builder, perhaps an additional application is needed.

Meeting adjourned.

Respectfully submitted by

Nancy Dole, Secretary
