

Mill Brook Watershed Management Planning Committee

Minutes of 2/7/18 meeting, approved 2/22/18

Present: Tim Boland, Selena Roman, Chuck Hodgkinson, Rez Williams, Prudy Burt, Kristen Fauteux

Absent: Cindy Mitchell

Also present: Bill Wilcox

Members present resumed review of the current draft on p. 31. Several maps and graphics will be revised; Chris Seidel at MVC is making a new map showing the Mill Brook watershed within the Tisbury Great Pond watershed, Kristen made a new map of the ESS Group baseflow and stormflow sampling sites, as well as a revised map showing withdrawals and diversions in the area just north of Mill Pond.

Bill Wilcox drafted language for a summary of conditions found at site #1, as well as a summary of specific conductivity to be included in draft #12.

The withdrawals/diversions section again needed revising and correction of layout and site descriptions.

As we did with the water temperature section, recommendations listed in the BiodiversityWorks section will be moved to the conclusions/recommendations at the end of the report.

Minutes of the 1/29/18 meeting were approved; Prudy will send to town clerk for posting.

Our next meeting will be on 2/22/18, 5 p.m. at Polly Hill Arboretum.
