

Income Eligible Programs

Vineyard Power currently supports energy efficiency and income eligible ratepayer assistance programs for households that meet certain income requirements, affordable/deed restricted properties, and rental properties. ***Participants must have their Eversource electric bill in their name.*** These programs are as follows:

- [Mass Save No-Cost Home Energy Assessment](#)
 - Receive a **no-cost home energy assessment** and unlock a variety of incentives to save energy and money.
 - Incentives include but are not limited to: up to 100% off insulation costs, rebates of up to \$10,000 on air source heat pumps, 0% interest HEAT Loan, and more rebates & discounts on energy efficient appliances. **Greater incentives are available for income-qualified participants, renters, and landlords.**
- [Eversource Discount Rate](#)
 - Income-eligible households receive a **42% discount on their electricity bills.**
- [Cape Light Compact Power Supply](#)
 - Funded by a donation by Vineyard Power, all income-eligible ratepayers enrolled in the Cape Light Compact power supply will receive bi-annual checks amounting to a **10-15% reduction in their electricity costs.**
- [Community Shared Solar \[Joe-4-Sun RAP\]](#)
 - A community solar program that offers enrolled ratepayers **\$600** (on average 20-30%) **discount on their electric bill per year.**
- [Energy Saver Home Loan Program](#)
 - For households earning between 80% – 135% of the Area Median Income. A 20-year loan of up to \$100,000 at 0.5%-2% for energy saving improvements that receive a 20% reduction in energy use.
- [Fuel Assistance/LIHEAP](#)
 - A means-tested government program led by South Shore Community Action Council to reduce heating costs between November-April. Savings based on individual income criteria.
