West Tisbury Affordable Housing Committee
P.O. Box 278
West Tisbury, MA 02575

Dear Committee Members:

Thank you for your letter regarding a change of address at the 401 State Road property. The Planning Board met on November 2, 2026 and discussed your request that the property address remain as it was originally designated due to its association with legal documentation and historical significance.

The board determined that the property address will remain as 401 State Road, and the subject will be revisited after construction has been completed, and the units are occupied. If the Lambert's Cove access does not pose any issues or confusion with delivery services or emergency response, the State Road address will remain. If issues are reported, the Planning Board will consult with the Affordable Housing Committee to consider the Lambert's Cove Road address.

Thank you.

Sincerely,

Leah Smith

Leah Smith, Planning Board Chair
