Hazel Coffin, Trustee 38-7.6 (Tentative Approval/Sale Pending)

DWA APPROVED

DWA PLAN REVIEW NOT APPROVED

Elizabeth Soo Hoo 12-40.2. Board members are asking that the distance from well to septic be indicated on the plan. In addition there is an access road that passes over a proposed well line. The Board expressed concern that there was no indication of what type of well piping would be used to handle the weights the piping would be subjected to by vehicles.

OLD/NEW BUSINESS:

Health Agent Johnson informed the Board members that the islands' Health Agents met with Susan Mercier from the Island-Wide Youth Collaborative (IWYC) at the Health Agents' monthly meeting for a program overview and summary of plans for the upcoming year. There was a question and answer period that followed. The Health Agent's monthly meeting was also attended by representatives from The Island's Blue Pages publication. This publication is a guide to protecting the waters of Martha's Vineyard and is educational in that it touches on both ecological and health related subjects. The Blue Page representatives provided an overview on the merits of their publication for the purpose of garnering financial support from

each of the towns to assist with publication of future issues. The Health agents all agreed to providing financial support to assist with future publications in the amount of \$300, pending individual town Board approval.
