OLD/NEW BUSINESS: Approved minutes from the November 9th Board meeting. Provided Board members with research information obtained at the recent 2017 Massachusetts Health Officers Association Annual Conference (MHOA) in regards to raising the minimum age of legal access to tobacco products to 21. Health Agent Johnson was very specific in reiterating that the need for this legislation (local & island wide) is based on the idea that removing these products from the hands of 18 year olds improves the chances that even younger adults will not have access to these dangerous products, as these younger age groups are often socially connected. The Board Chair remains firm in his belief that changing the age of access will not have much of an impact. Health Agent Johnson encouraged a thorough reading of the research material. Health Agent Johnson informed the Board that he recently attended one day of the annual MHOA Conference and completed the septic system track for 5 credits for system Inspectors.

PERMITS APPROVED

The Farm Institute (Winter Farmer's Market 12/16 (Approved for ginger bread cookies/No egg nog)
