## Join US for a live guided walking tour

#### through Parliament Square, Budapest, Hungary

Enjoy a live walk around the surroundings of the Hungarian Parliament, where we will open a window and discuss important events in Hungary's history. The building is known as one of the most beautiful public buildings in the world and it has been, and continues to be, at the centre of much of Hungary's history since it was built. From its construction in the late 1800's to the current day, we will try to give a view and understanding of events that shape Hungary till this day. The square in front of the Parliament has been the scene of much unrest, and was the location that sparked the 1956 Hungarian Revolution into life. From the other side of the Parliament we will see the Danube and the Castle District. A place of sieges and invasions. The last siege being at the end of World War Two, where 80 percent of the city was damaged and 20 percent destroyed.

Let's walk around the surroundings of the Parliament and gain an appreciation of Hungary, whilst also seeing some of the most beautiful buildings of the capital.
