

Dams along Mill Brook\*

Mill Brook Watershed

Perennial Stream

Intermittent Stream

Manmade Canal Diversion\*

**Roads**

- Major
- Secondary
- Local

**Wetlands within Watershed**

- Deep Marsh
- Shallow Marsh Meadow or Fen
- Shrub Swamp
- Wooded Swamp Deciduous
- Open Water

**Wetlands beyond Watershed**

- Barrier Beach/Dune
- Coastal Beach/Dune/Bluff
- Rocky Intertidal Shore
- Marsh - Shallow or Deep
- Swamp - Shrub or Forested

**Sampling Stations\***

- Water Sampling Station
- Temperature Gauge Station
- Flow Logger

# Mill Brook Watershed

0.2500.250.5

Miles

0.2500.250.5

Kilometers

Notes:

\*The dam locations and canals were on-screen digitized by the Sheriff's Meadow Foundation (SMF).

\*\*The Flow Logger stations were GPSed by ESS in the Spring of 2015. The other sampling locations were GPSed by the MVC in September of 2014.

This map is for planning purposes only. It is not adequate for legal boundary definition. The MVC cannot be responsible for how this data is used or interpreted by the end user.
