

## Mill Brook Watershed Management Planning Committee

Minutes of 12/7/17 meeting, approved 1/8/17

Present: Cindy Mitchell, Tim Boland, Prudy Burt, Rez Williams, Chuck Hodgkinson

Absent: Kristen Fauteux, Selena Roman

Members present discussed edits to Draft #9 of the final report. Work remaining includes collating all references to dissolved oxygen in one place- Prudy volunteered to do this before our next meeting on 12/28/17, and Tim will finalize any edits to the BiodiversityWorks section of the report. Members present also discussed a couple of places where we can include language that explains how we studied water quality in the stream and land use in the watershed as a means to understand overall watershed health.

Selena has indicated to the two co-chairs that. She does not have time to continue with editing the final report. Prudy said that she would like to continue with this work; Chuck is willing to help with this work. Both Prudy and Chuck agreed to work together on incorporating edits into Draft #10. Members present agreed that the report is nearly complete.

Minutes of 8/17/17, 11/2/17 and 11/16/17 were approved without correction. Prudy will forward to Town Clerk for posting.

Our next meeting is on 12/28/17.
