I tried to send this yesterday to the email address that was in the letter we received, but it was returned undeliverable to me. Paul had your home address so I sent it to you at that.

Hi Larry,

Like Debbie, we have always wished that we could build a guesthouse on our property for one of our children, or ourselves when we get old, if we decide this house is too much for us.

If Debbie is granted a variance, would this have any bearing on our possibility for the same?

Thanks a lot,
