Good Morning Pam,

Thanks very much for sending me the meeting agenda. My understanding of the revised plans from the Avakians is that there is no need for relief, because their new plans are in compliance. Therefore, we are not going to have an objection. I will hopefully be able to speak with our new neighbors sometime this year and we can discuss options for privacy, which would benefit all parties.

We do not have zoom and are not going to view the meeting. I will rely on you to follow up at your convenience after all is settled.

Things are still quite difficult here. I have neighbors on either side of me who have lost a parent to the virus. And our other neighbor is a 93 year old woman who is a great friend and joy. We are doing what we can to assist her safely through this. My mind is just not able to juggle everything going on, I am focusing on keeping our family and neighbor safe. I apologize, while we do care deeply about our island home, I just can't spend the energy to worry about the property development right now. We do believe in the kindness of people. We have found this to be the way on the island, we are leaving things "up to the universe" as my sister tells me to do.

We hope everyone, the board members, the attendees and you are keeping well and will come through this stronger and healthy.

You have been very patient while guiding us through this process. We are extremely appreciative.

Wishing you well.
Carla and Greg Ouzunoff.

Hi All, Attached please find the agenda for the ZBA meeting, this Thursday at 5pm via ZOOM. The second page of the agenda contains the info to join the meeting. Please feel free to contact me at 774-563-0719 if you are having trouble joining in.

Please be aware that this email is going to the board members, applicants and any other parties who have expressed an interest in the proceedings, provided I had their email address.

Also, if you plan to attend, please go to the Town website under ZBA, click on 4/9/20 agenda lower left of page and view the PDFs that accompany the various applications. Thank you, Pam
