Re: MVC approval of DRI 618-M4 Big Sky Tents Modification

Dear Jim,

I am writing to inform you that on Thursday, August 12, 2021, the Martha's Vineyard Commission discussed the proposal to install three temporary storage units at 90 Dr. Fisher Road in West Tisbury, which triggered the Development of Regional Impact (DRI) Checklist as a modification to a previous DRI. The Commission voted that the modification did not require a public hearing, and further voted to approve the modification.

The proposal is to place three 8'x20' portable storage units (total of 480 ft²) on the southwest corner of the lot for the purpose of storing rental furniture for Big Sky Tents. The units will be leased from Sun Self Storage.

The Commission's approval was contingent on the Applicant's agreement that the trailers not be stacked at any time, and that they be removed within two years of the MVC Decision. The Applicant may apply to the MVC for an extension of the two-year period if necessary.

The Town may now proceed with the permitting process.

If you have any questions, or if there is anything we can help with, please let me know.

Sincerely,

A handwritten signature in black ink that reads "Alex Elvin".

Alex Elvin
DRI Coordinator
