

MEMORANDUM

TO: West Tisbury Zoning Board of Appeals

FROM: Pamela Speir, 34 Pine Lane, West Tisbury, MA 02575

RE: Application from Jason Blandini to construct a pool, mechanical shed, lounge area and open-walled cooking area on his property at 32 Pine Lane, West Tisbury, MA 02575

While I am fond of my neighbors, the Blandinis, I wish to lodge a strong protest against the construction that Mr. Blandini is planning.

First of all, this construction and its usage will completely destroy the peace and quiet of the neighborhood.

In addition the chemicals necessary to maintain a pool will pollute the water table in the area. We all have wells and mine is pretty close to the Blandini well.

Then there is the noise that will issue from the mechanical shed to keep the pool clean, etc. To say nothing of the loud noises of the people using the pool and enjoying the results of the grill cooking.

I am a senior citizen who spends most of my time at home, and I dread the introduction of the pool and the grill and all their accoutrements.

This email is in response to the proposed application from Jason Blandini. Just some information that I would like to know. Is the pool to be fenced to avoid any accidents, such as the death of the child this year from drowning? There is now a preschool located on the same road. How many gallons of water will the pool contain? Will the pool be covered to avoid mosquitos and the possibility of West Nile Virus? Lastly in the event of an emergency, such

as a house fire will the water in the pool be available to the West Tisbury Fire Dept? Thank you for your time and information.
