To the Zoning Board of Appeals,
West Tisbury, MA

It was the understanding of the Deep Bottom Pond Board of Directors' Approval Committee that the intention of the proposal by Maria and Bruce Bullen to renovate their pool house was to reallocate space within and renovate an existing combined pool-machinery structure / existing detached bedroom. Under those assumptions, it was approved by the Committee. We now have been made aware that the existing structure had never been approved by the WTZBA as a detached bedroom and would, as currently planned, be considered by West Tisbury zoning bylaws as a habitable guesthouse.

The Deep Bottom Pond Owners' Association, Inc. had as a condition of the development's approval by the Martha's Vineyard Commission a clause prohibiting guesthouses. (A copy of this MVC condition has been sent by email to Kim Leaird.) Therefore, The Association is opposed to the Zoning Board of Appeal's approval of a guesthouse in Deep Bottom Pond. However, the Association would not be opposed to an approval of a "detached bedroom" as defined by the West Tisbury bylaws.

Thank you Kim. The question we have is: Are they applying for a guest house vs. a detached bedroom by calling it "habitable space" even though they have indicated to us it would not have a "permanent cooking facility" which would make it a Subordinate Dwelling. And why isn't it being applied for as a detached bedroom? If you can let me know I would appreciate it and so I can explain this to the DBP approval committee.

Subject: Deep Bottom Pond MVC Condition of No Guesthouses

Kim,

Attached is page 1 and page 10 of the MVC approval for the Deep Bottom Pond development indicating conditions put in place for its approval. Page 10, #2 states: There shall be single family residences only, no guest houses will be allowed. The Association was questioning the ZBA Notice stating the Bullen's request for a "habitable space" rather than a detached bedroom and is concerned about unknowingly approving a guest house.

Kind regards,

Donna
