Subject: For the zoning board

To whom it may concern on the West Tisbury Zoning Board,

I have met with my neighbors, Perry and Emily Moehnke, and discussed in detail their plans for an addition to their property that abuts my property on Field View Lane. I have viewed the schematics and walked the portion of property concerned. I have no objections to what I have seen and what was discussed. I appreciated their willingness to work with any concerns I might have had.
