

Hello jrand,

Emilee Valenti (emileekatherine@gmail.com) has sent you a message via your contact form (<https://www.westtisbury-ma.gov/user/26/contact>) at West Tisbury, MA.

If you don't want to receive such e-mails, you can change your settings at <https://www.westtisbury-ma.gov/user/26/edit>.

Message:

To the town administrators and select board:

As I understand, it is the towns policy to have masks on all town property.

Which is why the library is requiring masks at outdoor events for children, which has actually been rescinded by the CDC for the public.

The choice to vaccinate is personal and covered under medical privacy.

I applaud the town for not mandating the vaccine, for if you do you would need to take liability for any and all reactions or adverse reactions to that vaccine.

If the vaccine works, those who got it will be protected. If the numbers are correct, 40% of the town feels the same way as I do. Taking a non FDA approved, emergency use only experimental drug when you are in a low risk category is not a risk I would expect anyone to take, especially not if it were forced.

If the children of our town wore masks all year, impacting their learning - the town seniors can wear them on town property for socializing and chatting.

The segregation of the town, and of the island needs to stop.

Sincerely,
Emilee Valenti
West Tisbury
