Dear West Tisbury ZBA,

Thank you for taking the time to review our application for a building permit at 60 Stoney Hill Path Map 10 Lot 204. We hope you will be in support of our application to build a 30' x 60' barn. While our lot is nonconforming due to size, we meet the setbacks for the structure. Our goal is to improve the aesthetics of our property for the good of our neighborhood. We currently have numerous machinery used to maintain our property around our lot in plain sight. Our goal is to store the machinery and a couple of vintage vehicles we have inside the barn to protect our investments, as well as store out of sight of our neighbors.

The proposed steel barn would have board and batten siding and a neutral colored metal roof. Once weathered the barn should blend right into the surroundings for an overall improvement to the property. Please see the included photographs of similarly finished structures. We are happy to answer any additional questions you may have. Thank you for your time and consideration.

Best,
