

Hi Pam

Thanks for your patience and persistence on this. In my dysfunctional, perfectionistic way I was procrastinating on this while ruminating on how to get it together on a detailed site-by site basis and how to bill it accordingly.

After your call yesterday, I cut through the fog and decided to produce a single all-encompassing report and charge our fee for the day and a single report: \$3600 plus expenses.

Let me know how this looks and whether it will work for the town's needs.

Best

David
