Town of West Tisbury Select Board

Dear board members,

The situation with rubbish coming from Alleys General Store and to a lesser extent from 7a is getting out of control.

I get empty food containers, bottles and paper dumped on to my yard constantly. There are no rubbish containers nearby.

I mentioned this to Ms. Rand more than once. The health board agent Alex came by and surveyed the problem. Recently Dan from 7a viewed it with me. His position is to not have a rubbish container outside 7a but many of his customers just toss napkins etc. on the ground where they're eating or in my yard or on the sidewalk.

Alleys has always had at least two barrels on their porch. The current operator refuses to do so.

There's a spot where Alex and I agreed is a good place for the Highway department to put a trash receptacle. However both businesses should have theirs as well. The bulk of the containers and bottles come from Alleys.

Can we please address this issue asap?

Thank you,

Paul Garcia
