**Description of Proposal:**

**The existing curb cut is a public safety hazard, its blind in both directions, just after a blind curve, and it's also on a hill.**

**It's very difficult to get in and out of.**

**The proposal is to move the curb cut just up the hill where its flat and there is visibility in both directions.**

**Rich Olson came to the property to review the idea and felt that it was a good thing to do -- he didn't see any issues from his point of view – run-off etc.**

**The old curb cut will be planted-in and permanently eliminated.**

I hereby request a hearing before the West Tisbury Planning Board with reference to the above noted application.
