January 19th, 2023

Dear Selectmen of West Tisbury,

It is with respect and admiration of our town offices that I write this letter. My husband and I have lived in town now nearly eight years; my husband all of his life on island. We have had nothing but positive experiences in dealing with the Town Hall, with one repeated exception.

My personal dealings with Jennifer Rand and witness to her interpersonal skills, have been less than favorable. If this were only the first few interactions, I could easily write them off. It has been every interaction that I am left to feel intimidated, spoken to in a caustic way and overall, Unprofessional manor. I feel it is my duty to share my thoughts with the Board and likely be a voice when others will not.

Thank you for all you do,

Linda M. Fischer
