

Good morning Omar,

I am still chasing guys for photos of their permits. 13 growers have verbally committed. i have licenses for 9 so i am chasing 4. I wanted to get you these permits now so that you can see the effort that has already been put in. I am going to send the details of the event to the paper and that people need to bring a cooler with ice to take delivery. I saw the Times announced the giveaway after your BOH meeting last week. That's great! Thank you for getting the word out. The details are as follows:

May 16th 11am on the Ag Hall Fairgrounds. Enter off panhandle rd. First come first serve. Drive through service. Don't exit vehicle.  
36 oysters per bag (each bag individually tagged)  
Each grower is responsible for following all icing protocols that they follow during their usual course of business.

all the best  
Beau
