Dear Board Members:

At our meeting of May 10, 2021, the board reviewed an application referred by your board under Section 9.2-1D, for the property located on Assessor's Map 21, Lot 12, 90 Dr. Fisher Road to install three storage containers. The board is aware that this project will be referred to the MVC as a DRI, and we discussed the proposal with Bill Veno who was present at our meeting.

We request that the lot be limited to three containers for the purpose of safety and aesthetics, and we require that the containers not be stacked at any time.

Thank you.
