West Tisbury, MA. 02575

11/16/22

Planning Board:

As the Owners of 860 State Road (25-7), we are applying for a Building Permit to construct a new Dwelling on the site to replace an existing Dwelling. We would like to be able to continue to periodically use the existing Dwelling while the initial construction is underway (approximately 9 months from the start time of construction).

The existing house will be removed prior to the issuance of a Certificate of Occupancy.

Best Wishes,

Sarah Richards
