

Mill Brook Watershed Management Committee

Minutes, 4/10/23 meeting, approved 5/1/23

Present: Prudy Burt, David Bouck, Kristen Geagan, Julie Pringle, Bill Wilcox

Absent: Donna Paulnock, Cindy Mitchell, Tim Boland, Angela Luckey

Draft minutes of the 3/13/23 and 3/27/23 meetings were approved unanimously; Prudy will send to town clerk for posting.

Prudy received an email from Luanne Johnson, executive director at BiodiversityWorks, asking if we would be willing to take one of her summer interns out on our sampling field trips. This intern is currently a senior at MVRHS, interested in fisheries and healthy stream ecology, and keen to learn more. Prudy received a similar email from another high school senior expressing the same interest in participating. Members present are in favor of this idea; Prudy will reach out to MV Land Bank, The Nature Conservancy and Sheriff's Meadow Foundation about property owner permission and liability waiver signatures.

Bill will be doing another round of stream flow measurements tomorrow.

Next zoom meeting will be on 4/24/23 at 5 p.m.
