OLD/NEW: The Board was informed that there was one tularemia case reported on the island and as a preventive measure, Health Agent Johnson visited the Town's landscaping companies to hand deliver information on safety precautions. The Board was informed that there was an upcoming meeting for Animal Inspectors that health Agent Johnson would not be able to attend due to scheduling conflicts. The Board was also informed that Health Agent Johnson planned on attending an upcoming MHOA meeting focusing on marijuana laws to better prepare for the medical marijuana dispensary soon to be established in West Tisbury. The Board was given an overview on Subdivision (Form A7C) requirements, and reminded that those applications would need to be given the proper review when submitted.
