OLD/NEW BUSINESS:

Covid-19 Update: Summarized the decrease in the number of COVID-19 cases on the island. In the past two weeks, there have been 189 new cases.

Lifting mask requirements: The recent drop in COVID-19 cases alongside an increase in vaccinations among the public has prompted some Massachusetts towns to lift mask mandates. The Board expressed support in keeping the mask mandate in place. On February 28, 2022 Massachusetts public schools will be lifting the mask mandate. Martha's Vineyard public schools will be returning to schools on March 7, 2022. The Board stated the students should wear their masks for two more weeks after their return before considering lifting the mandate. Current vaccination and case rates will be provided to the Board to keep them updated on the situation.

PERMITS APPROVED:
