PRIVATE/PUBLIC SWIMMING POOL NOT APPROVED:

OLD/NEW BUSINESS:

De-Nitrification Regulations Review (Informed Board that input from Engineers had not been received as expected, will proceed with drafting regulations)

PFAS Support Letter: Discussed the current situation here on the island involving PFAS. After a discussion about PFAS in general and the PFAS high school playing field project, the Board was clear in specifying their “general” support of efforts aimed at the reduction/elimination of PFAS.

PFAS testing update: Updated the Board on DEP’s testing for PFAS due to an elevated level found at a residence on Road to great Neck. The Board was shared test results of 6 test performed by DEP, five of which were not in exceedance of the State’s MCL. The Board has been informed that DEP plans to conduct further test in the near future.

#### COVID-19

Reviewed the current data. The island is currently in the “High Risk “ category due to an increase in cases and as a result a mask advisory has been issued for 5 towns.
