

COMPLETE STREETS COMMITTEE MINUTES December 8, 2022, 4:00 PM

PRESENT: Sara Rosenthal, Oliver Osnoss, Rachel Baumrin, and Jane Rossi

ABSENT: Andrew Lester, Tony Omer, Tony Higgins, Abby Bailey

DISCUSSION:

•State grant for Safe Passage to schools:

Jane explained that the Safe Passage grant application date has expired. Oliver suggested the committee keep the grant in mind for next year and work with the school to seek funding.

•Update on the condition of the State Forest shared use path.

Jane reported that Abby had mentioned that some sections of the sup were in good shape while other sections need an upgrade. Rachel felt the money may be useful for connector paths to the high school and the Charter School. She said if the idea came from the school it might be more effective.

Oliver stated he had been doing some laps around the state forest and it's decent in some parts and there are some rough spots. He said the path on Edgartown from Road from the ball field to the airport is not good and needs attention. There was some discussion regarding which sections were town paths and which were state forest paths. Jane said she would check. However, she believed the corner of the fence at the airport marks the property line for the airport.

•Update on the status of the design work on OC Road.

Jane reported that the design work is under way and the plan is to place the shared use path on the eastern side of the road.
