DISCUSSION:

Vegetation of the Shared Use Paths:

Greg said he would find out who is responsible for trimming the overgrowth along the shared use paths. He wasn't sure if it was the State or the Highway Department but it needs to be taken care of regularly. Jane said she would ask the Paths By the Road Committee (Bill Haynes) what they had done in the past.

A discussion ensued regarding the State Forest and the poor conditions of the shared use paths. Abby said she would contact Kaylie Moore with the State Representative Office to request assistance in learning how to get work done and whom to contact.

The committee suggested they have a discussion with the Select Board regarding crosswalk liability; Do pedestrians have to travel at their own risk or is the town responsible?
