

## **COMPLETE STREETS COMMITTEE MINUTES September 29, 2022, 4:00 PM**

**PRESENT:** Rachel Baumrin, Sara Rosenthal, Oliver Osnoss

**ALSO PRESENT:** Jane Rossi, Dan Doyle

**ABSENT:** Tony Omer, Tony Higgins

### **DISCUSSION:**

#### **Update from Dan Doyle on the preferred graphics of the bridge design:**

Dan displayed the bridge plan with various design options for the committee to choose from. He said the bike lanes and vertical divider were flagged for the designer but the committee needs to select a graphic design that is most appealing. Rachel favored the pencil sketch and Jane agreed. Oliver pointed out that he has the ability to work on all of the options on his computer.

Dan said he would discuss the preferred options with HSH and return with the results.

#### **State Road SUP proposal:**

Dan said he is waiting for a report from the engineer. He explained that Old County Road to Kaitlyn Farm Way is manageable for installing an SUP with a couple of tricky spots. Mainly, easements will not need to be sought. He mentioned that smaller projects were low on the engineers list of priorities. Jane suggested she contact Tisbury to see if they would be interested in working with the committee to connect a path from the board to OC Road. Rachel mentioned she would like to see a path travel all the way to the Polly Hill area on State Road. Oliver said he had hopes of seeing the same. Rachel pointed out that West Tisbury is the crossroad on the island and connectivity needs to happen. Dan suggested the committee keep the OC Road project and the State Road proposal separate.

The committee confirmed they will continue to work on the proposal.

### **GENERAL DISCUSSION:**

- Oliver mentioned that power lines are going to be buried at the panhandle. Jane said she would confirm.
- Rachel stated that we need a crosswalk at the corner of Music Street and State Road and crossing State Road from the church to the Field Gallery. Jane said she will ask Richie Olsen.
- The committee said they will take a look at the prioritization plan to see what project should be addressed next.
