Reviewed application by Westway Realty Trust to make a change to previously approved plans. Applicant wants to add another shed same design size as two previously approved. Applicant has marked the location and height of new shed in field and HDC members have visited the site. We have two letters, one in support of the agricultural use, and one objecting to building anything in the field at all. HDC voted unanimously to approve the application as appropriate.

Continued Application by Michael Patti and Nicole Lamy to remove 30 trees visible from public way. We now have a detailed site plan from the applicant and were able to better discuss the application. Two large trees that were slated for removal, a honey locust and a hickory, will be saved. The other trees which Michael and Nicole would like to remove were approved unanimously for removal per their submitted plans.

Issued Certificate of Non Applicabilty to MV Trust to replace rotted fence at the Old Library with a new fence same materials, design.

Discussed unpermitted stockade fence on Old County Road. Owner has been notified they need to apply, and their architect has contacted Sean recently. We have agreed fence will be included in a larger application they intend to file in January.

Meeting concluded.

Respectfully submitted,

Nancy Dole, Secretary
