The meeting was called to order at 8:33 AM.

Bernadette introduced the agenda item thanking the committee and participants for all the hard work that went into the focus groups. She then turned the presentation over to Cindy Trish from Healthy Aging MV who was the leader of the Groups and the creator of the presentation. The presentation is incorporated as part of these minutes. The Focus groups brought forward a number of ideas relating to the building as well as relating to the operations and programming of the center.

There were also larger ideas brought forward about the state of aging on the island and the needs of seniors as a whole. The Building Committee was grateful for the work and plans to ask the designer that is chosen to watch the presentation when they begin work.
