

Cape & Vineyard Electric Cooperative (CVEC)

SPRING 2020

Since the Cape Light Compact's Founding of CVEC in 2007:

6 CVEC PV (& Storage) Initiatives: ~ **64MW by end 2023**

- Round 1 = 16MW mostly on landfills
- Round 2 = 12MW on roofs & municipal lands
- Round 3 = 1MW on 7 roofs (awaits Eversource)
- Round 4 = 12MW canopies, roofs, lands
- Round 5 = 14MW canopies, roofs, lands
- Round 6 = Now collecting projects & towns (for NMC savings on electric bills)

CVEC EV Cars & Stations Initiative:

- **Electric Cars:** grants applied for: 13 Delivered: 4
- **Charging Stations:** grants applied for: 24 Delivered: 2

CVEC NMC Management Services:

- For Sandwich, Provincetown, Dennis, Yarmouth

Legislative and Regulatory Representation:

- Working with Senator Cyr for municipal relief from taxation of town's solar
- Intervenor in case to halt Eversource devaluation of Net Metering Credits
- Member Advisory Committee for Cape Cod Climate Change Collaborative

- **Savings of over \$14,000,000 for members & participants**
- **Equivalent reduction of greenhouse gases**

Coming:

Battery back-up for Emergency Shelters (contracted)

CVEC community solar offering with Town of Harwich

Storage added to existing Photovoltaics: curb demand and provide power in grid outages
